## **Fast Switching Plastic Rectifier**

| PRIMARY CHARACTERISTICS |                                  |  |  |  |  |  |
|-------------------------|----------------------------------|--|--|--|--|--|
| I <sub>F(AV)</sub>      | 1.0 A                            |  |  |  |  |  |
| $V_{RRM}$               | 50 V, 100 V, 200 V, 400 V, 600 V |  |  |  |  |  |
| I <sub>FSM</sub> 30 A   |                                  |  |  |  |  |  |
| t <sub>rr</sub>         | 200 ns                           |  |  |  |  |  |
| I <sub>R</sub>          | 5.0 μA                           |  |  |  |  |  |
| $V_{F}$                 | 1.2 V                            |  |  |  |  |  |
| $T_J$ max.              | 150 °C                           |  |  |  |  |  |
| Package                 | DO-204AL (DO-41)                 |  |  |  |  |  |
| Diode variation         | Single die                       |  |  |  |  |  |

#### **FEATURES**

Low leakage current

• High forward surge capability

• Solder dip 275 °C max. 10 s, per JESD 22-B106

 Material categorization: For definitions of compliance please see <a href="https://www.vishay.com/doc?99912"><u>www.vishay.com/doc?99912</u></a>

COMPLIAN

#### **TYPICAL APPLICATIONS**

For use in fast switching rectification of power supply, inverters, converters and freewheeling diodes for consumer and telecommunication.

#### Note

• These devices are not AEC-Q101 qualified.

#### **MECHANICAL DATA**

**Case:** DO-204AL, molded epoxy body Molding compound meets UL 94 V-0 flammability rating Base P/N-E3 - RoHS-compliant, commercial grade

Terminals: Matte tin plated leads, solderable per

J-STD-002 and JESD 22-B102

E3 suffix meets JESD 201 class 1A whisker test

Polarity: Color band denotes cathode end

| MAXIMUM RATINGS (T <sub>A</sub> = 25 °C unless otherwise noted)                                 |                                   |                    |        |        |        |        |      |
|---|-----------------------------------|--------------------|--------|--------|--------|--------|------|
| PARAMETER   | SYMBOL                            | 1N4933             | 1N4934 | 1N4935 | 1N4936 | 1N4937 | UNIT |
| Maximum repetitive peak reverse voltage   | $V_{RRM}$                         | 50 100 200 400 600 |        |        |        | 600    | V    |

ALL PRODUCT, PRODUCT SPECIFICATIONS AND DATA ARE SUBJECT TO CHANGE WITHOUT NOTICE TO IMPROVE RELIABILITY, FUNCTION OR DESIGN OR OTHERWISE.

Vishay Intertechnology, Inc., its affiliates, agents, and employees, and all persons acting on its or their behalf (collectively, "Vishay"), disclaim any and all liability for any errors, inaccuracies or incompleteness contained in any datasheet or in any other disclosure relating to any product.

Vishay makes no warranty, representation or guarantee regarding the suitability of the products for any particular purpose or the continuing production of any product. To the maximum extent permitted by applicable law, Vishay disclaims (i) any and all liability arising out of the application or use of any product, (ii) any and all liability, including without limitation special, consequential or incidental damages, and (iii) any and all implied warranties, including warranties of fitness for particular purpose, non-infringement and merchantability.

Statements regarding the suitability of products for certain types of applications are based on Vishay's knowledge of typical requirements that are often placed on Vishay products in generic applications. Such statements are not binding statements about the suitability of products for a particular application. It is the customer's responsibility to validate that a particular product with the properties described in the product specification is suitable for use in a particular application. Parameters provided in datasheets and / or specifications may vary in different applications and performance may vary over time. All operating parameters, including typical parameters, must be validated for each customer application by the customer's technical experts. Product specifications do not expand or otherwise modify Vishay's terms and conditions of purchase, including but not limited to the warranty expressed therein.

Except as expressly indicated in writing, Vishay products are not designed for use in medical, life-saving, or life-sustaining applications or for any other application in which the failure of the Vishay product could result in personal injury or death. Customers using or selling Vishay products not expressly indicated for use in such applications do so at their own risk. Please contact authorized Vishay personnel to obtain written terms and conditions regarding products designed for such applications.
